APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters of Clear Creek is issued with the understanding that no other valid rights will be impaired by such change, and with the further understanding that no new or additional rights are granted herein. The water right proposed to be changed under this application represents 2.2% of the total flow of Clear Creek as defined by the Decree of the Court, Second Judicial District, Ormsby County, in the Case of Frederick Dangberg and Charles Schultz vs. Henry Ross, et al., filed on April 24, 1872, also as evidenced by Certificate No. 1643 issued under Permit No. 6428. A substantial weir must be constructed to facilitate the measurement and control of water.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use and not to exceed 2.2% of the total flow of Clear Creek during the period from May 1st to September 15th in accordance with the aforementioned Court Decree.

Actual construction work shall begin on or before June 1, 1940.

Proof of commencement of work shall be filed before July 1, 1940.

Work must be prosecuted with reasonable diligence and be completed on or before June 1, 1942.

Proof of completion of work shall be filed before July 1, 1942.

Application of water to beneficial use shall be made on or before June 1, 1943.

Proof of application of water to beneficial use must be filed with the State Engineer on or before July 1, 1943.

Proof of commencement of work filed JUL 3 1940 WITNESS MY HAND AND SEAL this 22nd day

Proof of completion of work filed JUL 29 1942 of December, 1939

Proof of Beneficial use filed JUL 28 1943
